

Santa Clara Valley Water District Qualifying Products List
Weather Based Irrigation Controllers

The following list contains EPA WaterSense Labeled Climate-Based Controllers that are eligible for a rebate. All controllers on the list must be installed with an onsite rain sensor or onsite weather station that includes a rain sensor component in order to qualify for the rebate. Controllers that are not EPA WaterSense certified will not qualify for a rebate.

For more information on these controllers, please see www.epa.gov/watersense.
